

# Michigan Fly Fishing Club

Presents the  
2011  
Public Fly Fishing School

## Casting for the BEGINNER or Tree Avoidance Etiquette

- > Equipment balance - rod, reel, line, leader, tippet, and the FLY
- > Casting Process - rod position, pick-up, back cast, the drift, forward cast, and the presentation
- > Casting posture
- > Practicing methods
- > Rod griping techniques
- > Discuss / Demonstrate - basic cast, roll cast, mending, reach cast, wiggle cast.

## Equipment, Knots, and Stuff

- > Equipment ideologies for a successful day on the water - line, rod, reel terminology; lines / leaders / tippets and how they are sized to the fly and fish
- > Knots - terminology; where to use basic knots to rig a system and those needed or use while spending a day on the water
- > Stuff - Etiquette, where to go, Catch and Release methods, reading the water, how to measure a fish

## Entomology / Hatches / Fly Tying

- > Entomology for Fishing Application
- > Lower Michigan's (bugs) Hatches
- > Fly Tying Basics - Equipment, materials, hooks, fly parts - Mayflies and Caddisflies
- > Identify base flies to carry on the stream...some will work...
